

MYLEN STAIRS, INC.

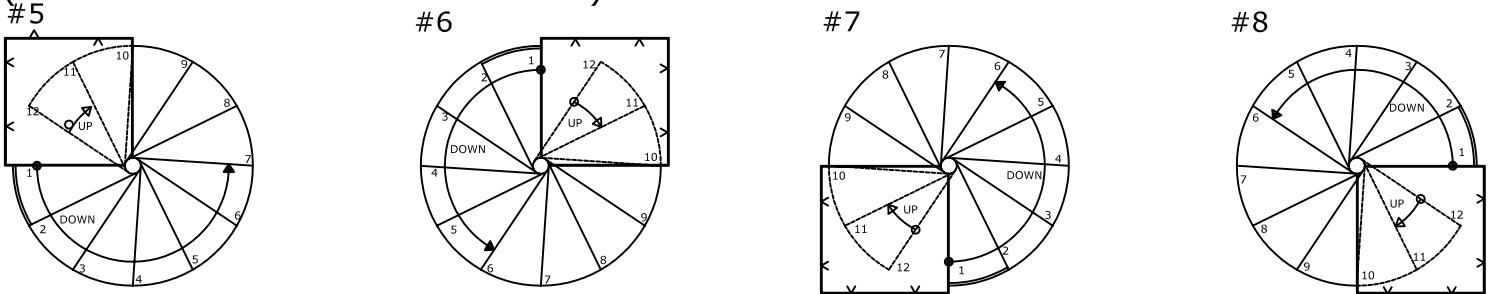

PLATFORM POSITION ROTATATION EXAMPLES

These examples show the rotation of 12 riser, 11 tread spiral stair with a 30° tread and 90° platform landing. 27°, 24.5° and 22.5° tread layout stairs are also available. Please call a design consultant to discuss more layout options. Each situation may have its own unique platform position and rotation. Call 1-800-431-2155, we will help you with traffic pattern, design and pricing. Or fax us a sketch of the situation with floor to floor heights and wall locations, fax:(914)-739-9744.
